

## ENGLISH TENNIS PLAYERS WIN

**DOWHERTY BROTHERS SHOW GOOD FORM AT LONGWOOD.**

R. F. Doherty Plays Brilliantly and Dominates over Beals C. Wright, H. H. Hackett and R. C. Seaver beaten by the Other Brother—Whitman Wins His Match.

BOSTON, July 28.—The twelfth annual tournament for the Longwood Tennis Club cup opened this morning under the most favorable conditions. The entries were forty-nine in number, including all the best American players, as well as the Doherty brothers, the two crack English players who came to this country for the purpose of playing for the Davis International Challenge Trophy. The greatest interest is manifested in the play of the Englishmen, and probably matches to day were both victories. H. L. Doherty defeating H. H. Hackett, the Yale player, and R. F. Doherty defeating Beals C. Wright, in a decisive manner.

H. L. Doherty played in the morning preliminary round against Hackett and was obliged to put up his best game to defeat the Yale man. Four sets were necessary to decide a winner. Doherty played the hand and showed great skill, especially of forehand, in getting the ball strikes all the way across. He seemed careless, in spite of the sun's heat. His aim was to tire Hackett out, and to do this he repeatedly shot at the corners and sides with marvelous accuracy. Hackett was particularly good on returning volleys and volleys fast, but on the whole his game was slow. Hackett took the first set apparently with ease, but the points were very close. In the second set he was forced to give up, and the net so much that the set lacked interest.

In the next Doherty braced up, and by this time had many occasions to pass Hackett. Time and again, so true was his eye, he would knock off a point or two, and with such aplomb. Doherty's power gradually improved to the last stroke. When ever point was at all crucial, Doherty showed his great power of concentration, and in so doing allowed his opponent a little lead, but it was no use. Hackett could not prevail against the long drives of the heated tennis.

The match between R. F. Doherty and Beals C. Wright did not come up to expectations. On the whole, the American's show was very poor. He was off his work at the start, and his play was not up to his opponent many times, yet his drives to the corners did not have the usual accuracy. The Englishman displayed a remarkable control of his serve, and was able to keep it to a minimum after winning Paine's Celery Compound. I can eat and sleep well and wake up in the morning feeling refreshed and strong."

## PAINE'S CELERY COMPOUND

## NATURE'S SUMMER HEALTH GIVER.

It Purifies the Blood and Multiplies the Number of Vital Red Corpuscles, Feeds the Nerves and Tissues and Gives True Physical Strength.

Weak nerves, exhausted tissue, poor blood, impaired digestion and sleepless nights, account for much of the present existing summer misery and suffering.

Dear reader, if you are unfortunately suffering from the weak and sickly malady of to-day, it is now time to awake to a true realization of your danger. The weakening and depressing hot weather will only add to your misery if you are careless and indifferent.

There is absolute relief and a positive cure in Nature's own compound. This wonderful purifying medicine is always fully conquering such troubles as yours every day. It is a fact verified by able physicians and thousands of testimonials that Paine's Celery Compound makes pure, pure blood, builds up the nervous system, regulates digestion, strengthens appetite and gives vigor and strength to the entire system.

Mrs. J. N. Morgan, Secretary, Md., used Paine's Celery Compound to banish nervous prostration, heart palpitation and insomnia. The great medicine quickly restored physical strength by purifying the body, bringing back the lost energy and tone, she says:

"When I began the use of Paine's Celery Compound I was suffering with nervous prostration, had pain in the heart and could not sleep. When I first went to bed I would sleep one or two hours, but would wake with a start. I would get up in the morning feeling worse than when I went to bed. After taking Paine's Celery Compound, I can eat and sleep well and wake up in the morning feeling refreshed and strong."

## VICTIM OF "CADET," SHE SAYS.

Young East Side Girl Tells of Seduction and Ill Treatment.

Minnie Abramowitz, 15 years old, who lived with her uncle, Frank Abramowitz, at 257 Stanton street, was arraigned yesterday in the Essex Market police court, charged with being a wayward child. She told Magistrate Mayo that she had been the victim of an East Side "cadet," and the Magistrate ordered Agent Barclay of the Gerry society to make an investigation.

The girl left her uncle's home about three weeks ago and returned Sunday night. She told her uncle that a young man under promise of marriage had enticed her to a disorderly house in Attorney street. Afterward, she declared, the man took her to Brooklyn, where she was kept a prisoner for two weeks in a similar resort. On Sunday night, she said, she screamed for help and became frightened and ejected her. While she was in this house, she declared, the "cadet" visited her each day and collected her earnings.

She repeated this story to Magistrate Mayo yesterday, who said that if it proved to be true he would ask the Board of City Magistrates to use all their influence to punish the guilty.

The girl was committed to the custody of the Gerry society pending investigation.
